THE HARTFORD HERALD.

"I COME, THE HERALD OF A NOISY WORLD, THE NEWS OF ALL NATIONS LUMBERING AT MY BACK."

VOL. XVI.

HARTFORD, KENTUCKY, APRIL 23, 1890.

NO. 17.

Come to Beaver Dam! SPRING ANNOUNCEMENT!

To the People:

The PRINTING PRESS was first brought into use in the United States in 1639, and the first publication was THE AMERICAN ALMANAC. Since that time, its use has grown steadily and rapidly until it has become the great engine that moves the world. Business, politics, science, religion, everything makes use of the printing press. And so wonderful has been the strides of progress that thinking, reading people can be reached in every corner of the world by this means, and that too at a nominal cost. We cannot afford to be behind the WORLD. We must reach the people, and by no means can we do it so cheaply and efficiently as by the use of printer's ink.

Now Hear What We Have to Say!

We are doing business herewith, and for the people. Nothing is more necessary for the mutual interests of ourselves and the people than that this should be done on BUSINESS principles, it must be reduced to a science. We have given years of labor and experience to this end, and we feel flattered that our increased and widely extending trade is a proof of our success. TWO THINGS we have found must be done: We must buy RIGHT and we must BUY what the people need. We have certainly bought right, because we found the MARKETS somewhat unsettled, just RIPE for cash trades, and we struck the chance; we know we have bought what the people want, because we have studied the MARKETS and products of the world, and what we want to say, is COME TO SEE US. In our

General Supply Store!

We can furnish you anything wanted from the Finest Ladies and Gents Furnishing Goods down to the smallest article needed about the farm or household. So get in your wagons, bring your families and LOOK through. Bring with you, your produce, and we will give best market price; we do not propose to say in the STEREO-TYPED language of old, that "we down all our competitors;" we are dealing with our customers, and have no quarrels with our competitors and no evil word for our neighbor. Our time is all occupied with our OWN business, and with that alone we deal. Our invitation is, "COME TO SEE US," and we guarantee your visit shall not be regretted. Now, we might advertise

Good Prints for - - 3 1-2 Cts.
Good Suits for Men for - - \$3.

But sensible people would not believe this announcement—we will sell NEW PRINTS & SUITS for those prices, more than worth the money, but certainly not the best. So in regard to everything else—when you come, we will give you prices and you can examine goods. In the FINEST BEST grades of Goods, we have certainly struck the "BED-ROCK." Now friend, have we said anything gassy or unreasonable?—we think not—we mean business and have no time for anything else. Now, will you please to read our lines as given below and "COME TO SEE US."

April 14, 1890.

HOCKER & CO., Beaver Dam.

WEDNESDAY, APRIL 1.

EDUCATIONAL AND OTHER MATTERS.

(W. L. Harkins, Editor, All communications should be addressed to him.)

COUNTING 300 A minute, how long will it take to count a trillion?

While it is pleasant to have the good will of every one, it would be no service of principle to raise it.

How do we abominate a man that can't bear any more? Solomon says, "Be not wise in your own conceit."

You have noticed, no doubt, that a friend gained by gifts is very ready to forget you as soon as you cease to make them.

The worst infidelity is that of the man who makes out that he is on the Lord's side, but won't live up to his profession.

A gentleman divided his fortune among his sons giving \$10,000 as often as \$1,000,000, what was the loss of estate? Send us the proper solution of this example and we will give you credit in this column.

If you meet a lady on the principles that it is better to keep her heart before her eyes, send us an obituary notice, unrecognized, and thereby cause her great charity. No matter if you make pitch black, for you know that blushing is blushing.

There is a boy that loves his sister, and is polite to both her in public and in private, who is always kind to and considerate of his mother, and I will send you a boy that will be popular in society and successful in all the relations of life. Such boys are never all there.

In walking in a public place with a much older person than yourself, always let your shoulder, a hand voice and with a very penetrating manner; this will impress all lookers on with a sense of your consciousness and maturity.

G. B.—We often hear of a man who wants to make himself self by laboring on a farm. He adopted the plan of reading a piece in the morning before he went to work from memory. Now do you think the same plan and you will succeed beyond a doubt.

Never pay your tailor. Your clothes may be the means of drawing attention to you, but you will not be necessary to pay the printer. The honor of calling you a patroon is enough for him, and he is used to furnishing particular services; nobly, it will always expect you to think of such small matters, anyhow.

Teachers, what say you? Let me keep my interest in this column through the summer by questions and answers in a series of letters, like you, etc. I am not the type for solving such questions, but we can give results with now and then pointers to the manner of solution. Whatever you will tell us, we will be sure to answer it if we can. For instance, if you will send me a correct answer to my question, I will be sure to give it, and we will answer it if we can. Will you enter the circle? We wait your decision.

WHAT TERMINE'S COUCH.

In the morning, having suffered from difficult breathing, raising plebeian difficulties in the chest, quickened pulse, chilliness is the first symptom of Consumption, and all of any of these things are the first stages of consumption. The English Church of Bethesda will cure these painful symptoms, and is well made, a penitent grating by Z. Wayne Grinnell & Bro.

Mr. C. H. Smith says the Denebola will open in April, and will be the type for solving such questions, but we can give results with now and then pointers to the manner of solution. Whatever you will tell us, we will be sure to answer it if we can. For instance, if you will send me a correct answer to my question, I will be sure to give it, and we will answer it if we can. Will you enter the circle? We wait your decision.

Nature in Convulsion.

In terrible, violent convulsions, eye-clusters, cramps, fits, spasms, and neurotic picturesqueness, but scarcely desirable to equate in action and effect with what Herder's Stoic Bitter is the wholesomeness, pleasant and far more effective in its action, and it is safe to eat the intestines the Bitter invades them. They left the bowels, however, and the heart, and the brain, and the feelings. The Bitters, on the contrary, and because it creates, not forces, the convulsions, and it does not once—perpetuates their activity and violence, and it is believed to be stimulated, as the kidney, and by this medicine, which easily conquers, and makes nervous and rheumatic, and tame, and docile.

"How to Cure all Skin Diseases."

Simply apply "Swartz's Distinctive" to external medicine required. Cures tick-bites, scorpion-bites, and other insect-bites, and leaves the skin clear, white and healthy. It's great medicine, and it is safe to eat. It is sold by no other person. Ask your druggist for SWARTZ'S DISTINCTIVE. 10m.

Speaker Reed asserts that Congress will adjourn on June 1, proximate.

There are many rough boulders, but only one "Curtain Cloth Cure." See that it is a curtain cloth, and it is woven on the loom and blown in the bottle. Sold by Z. Wayne Grinnell & Bro. 27 12

The Central Coal and Iron Company are to build a new plant at Central City, at a cost of \$250,000.

OUR MEDICAL PILLS.

Are active, effective and pure. For sick persons, old, infirmed, weak, loss of appetite, etc., and those who have been ill, they have never been equalled, neither in America or abroad. Sold by Z. Wayne Grinnell & Bro.

In Memory of Martha J. Stevens.
BY WAGNER CARPENTER.

AN OLD FARMER IN KANSAS NAME A. W. Brant recently wrote to a Pennsylvania paper his experience on the Republicans' policy of protection. He writes:

"Yes, we insist you have more money than we have, and we are not afraid of you. But we took to Christ our Savior, and will with every comfort give.

"Yes, we insist you have more money than we have, and we are not afraid of you. But we took to Christ our Savior, and will with every comfort give.
